

# Disability Rights Wisconsin seeks candidates to serve on its Board of Directors

## Disability Rights Wisconsin:

- Protects the rights of people with disabilities through legal advocacy and by challenging systems to improve public policy.
- Embraces the values of diversity, dignity, independence, accessibility, inclusion, human rights, and liberation.
- Is dedicated to ending abuse and discrimination against all people with disabilities.
- Strives to create a welcoming and inclusive environment for individuals with diverse identities; focuses on injustices that occur at the intersection of disability and other marginalized and historically oppressed identities.

**If you believe in the same values and are committed to disability rights, we may have a chair for you at our table!**

## DRW is looking for energetic, passionate people to:

- Share your skills and experience to benefit DRW.
- Engage in long-term goal setting for DRW and monitor the implementation and progress in meeting goals.
- Help build community networks.
- Help gather community input by meeting with persons/groups throughout the state to hear their concerns regarding issues faced by people with disabilities.
- Monitor DRW's financial health.
- Act as positive ambassadors for the organization and participate in influencing policy decisions that impact the disability community.

## Our expectations are simple:

- **Quarterly meetings:** meetings occur all day on Saturdays; in person attendance is required, with consideration for accommodation requests.
- **Committee meetings:** to actively serve on at least one Board committee; meetings occur in between board meetings by phone/video conference; may require some activity between committee meetings.
- **Outreach:** to participate in outreach activities as needed and available.
- **Fundraising/Financial contribution:** to participate in fundraising activities as needed, including providing a financial contribution to DRW as your personal finances allow.
